### Children TV-G

LOST TREASURE HUNT brings history alive for kids in a dramatic and fun way — as a modern-day animated adventure in which the main characters protect a lost artifact by outwitting the bad guys. In the fast-moving half-hour pilot, a mysterious clue from 1492 puts a great treasure in jeopardy. By analyzing historical records and examining artifacts, Ava and Dex must solve a series of clues to stop the treasure from falling into the wrong hands. They travel to Italy, Spain and the Caribbean, deciphering codes and avoiding enemy spies and counter-agents along the way. As they close in on the treasure, they also discover little-known details about Christopher Columbus' landmark voyage. The award-winning filmmakers behind *Shrek*, *The Iron Giant* and *Cloudy With a Chance of Meatballs* bring their experience telling compelling, multi-layered stories to LOST TREASURE HUNT. A newly developed style of digital animation captures the quality and expressiveness of traditional animation, while beautifully designed backgrounds full of authentic period details fill the screen.
